One screen for every gap

See every gap on one screen. Export a record for each student.

- The Gaps tab counts students with no confirmed work in each strand and outcome.
- Click a number to see who. Flags show no activity in 30 days or no reflection yet.
- DP core tabs flag a missed check-in, a missing declaration or work awaiting authentication.
- Print a Process & Authenticity Record for each student. Download a CSV for each part.
- Exports work in every plan state, even after a school stops paying.

Sample: the demo school Gaps tab. No real students appear.

The offer

31-day free trial. No card needed. The clock starts at your first student invite.

Then **$99 a month**, locked. This is for the first 100 schools that join by 31 December 2026.

After that, it is $199 a month for up to 180 DP students. Above that it is $299. A year costs 10 months.

If you haven't paid by the end of day 31, coordinator tools go read-only. Students, supervisors and exports keep working. Nothing is deleted.

Students and supervisors never pay. Runs alongside ManageBac or Toddle.
